Greetings, we hope all is well! Since founding Antioch Church of God in Christ (COGIC) in 1995, with Lady Christine Logan, we have been a “ministry committed to discipleship.” Antioch COGIC is a holistic ministry that seeks to meet the needs of the total person. In addition to Spiritual formation, for more than two decades the church has been instrumental in supporting its surrounding communities by offering community-based programs including: financial literacy, K-12 tutoring, school supply giveaways, parental classes, summer youth, college preparation, health literacy, and adult continuing education programs. The results of these programs are countless successes in the lives of our communities’ most important asset...its people!

As Antioch COGIC enters its 21st year of community service, we recognize the ever increasing socio-economic needs of our surrounding communities, and endeavor to provide critical support in improving these conditions. After careful strategic analyses, we have determined that expansion is the most effective way to meet our communities’ challenges. A multi-purpose family life center will be able to offer an even wider array of community-based services, focused on boosting neighborhood economies, supporting the impoverished, and developing healthy communities that will in turn bear the fruit of “responsible citizenship.”

Critical to the success of building better communities is the generosity of likeminded faith-based investors...like you. We ask that you prayerfully consider partnering with us. Our goal is not just to build a building, we are “Building a Legacy” for generations to come.

Remember that every donation makes a difference, regardless of size. If you have any questions, or need additional information about our “Legacy Partner Program,” please contact Elder Lee Baker Sr., or me, at (623) 486-9007. Thank you in advance for your support!

Jonathan E. Logan
